#### **Precinct Restrictions - Arrival and Departure Screening at Gate A**

For all track activities on site, attendees will be screened at Gate A upon arrival. The screening process is to ensure no one with any symptom or prior indicated exposure or identified risk factor(s) are allowed on site. Screening will be conducted initially by our rostered gate staff, and overseen by our medical provider, Ambulance Services Australia (ASA).

**IMPORTANT:** What happens if our medical provider ASA, screens a person upon entry who they identify as being “at risk”

- That person will be denied entry and turned away. The ARDC have authorised ASA to have the final decision as to who is or isn't allowed on site during COVID restricted entry.
- We will communicate immediately to the person or provider to whom they were attending to the fact that a person or persons have been denied entry. The person or provider can then make arrangements with any denied person.

To avoid any unnecessary confrontation or confusion at the main gate by ASA or other authorised staff we ask that all hirers/providers fully inform their clients of this protocol.
